BOSTON (UPI)—April 18.—The Polish-German boundary question was finally disposed of by the council of four this morning. No announcement was made of the decision taken, but it is understood that Danzig will be internationalized, while the Poles will have a corridor running from that city to their frontier to give them access to the sea.

Only routine work in connection with the coming of the German delegates was taken up in the afternoon. The most important remaining question to be settled is that of the Jugo-Slav and Italian claims in the Adriatic. This will come up tomorrow. Baron Sonnino, Italian Foreign Minister, will set forth the Italian case, it is expected. It was said tonight the council of four intends to settle this question at tomorrow's session.

MISSOURI DELEGATION TO D.A.R. FLAYS REED.

RESOLUTION SENT TO WILSON PLEDGES SUPPORT OF LEAGUE OF NATIONS.

EXCLUSIVE DISPATCH.

WASHINGTON, April 18.—The Missouri delegation attending the national D.A.R. convention here today cabled to President Wilson a resolution denouncing Senator Reed for his opposition to the League of Nations. The resolution was received by applause when read from the floor at the session last night.

"The Daughters of Missouri," declared the resolution, "denounce Senator Reed and denounce his policies. We have disgusted us in the eyes of all people and as Missouri's State agent we are forwarding this cablegram to President Wilson in full."

SAN FRANCISCO, April 18.—Revolutionary demonstrations are throughout Korea and Japanese soldiers and gendarmes are shooting the people without warning," according to a letter received by the Rev. David Lee, general manager of the Korean National Bank here, tells about events of the independence demonstration and the arrest of the 15-year-old daughter of the recipient.

Koreans were have been ordered to Korea to suppress revolutionary uprisings, according to a cablegram received here by the Japanese-American, a newspaper, from a Tokio agent. An American, from Fusan, Korea, by way of Tokio, said that 6000 Japanese troops and 400 gendarmes landed at that place.

TEXT OF CABLEGRAMS.

The text of the cablegrams, which were dated yesterday, follows: "Tokio—The Japanese War Department, after a conference with Japanese army and navy commandants of Korea, today decided to send two more divisions of the Japanese army to Korea as soon as possible."

United States and France are Reported in Paris to Have Formed a Military Alliance

RUMOR AMERICA ALLY OF FRENCH

Support of Our Army, Navy Pledged, is Assertion.

Clemenceau Promised Pact by Wilson, is Claim.

Students of Situation Betting Story is Untrue.

**BY HENRY WALES.
BY CABLE—EXCLUSIVE DISPATCH.**

PARIS, April 18.—The persistently-rumored report that the United States and France have formed a military alliance continues to be the chief topic of the Peace Conference, with even money being bet it is untrue, and no one in a position actually to know the truth of the matter or willing to say a word on the subject.

The most prevalent report says President Wilson has promised Premier Clemenceau he would lay before Congress a military alliance treaty providing specifically that if France declared war against Germany the United States will declare war against France's aggressor, and cooperate with its army and navy against it.

It is said Premier Clemenceau insisted on this pledge to placate the French people when they find the French army will not occupy the left bank of the Rhine, will not withdraw heads permanently, and will never receive the fabulous amounts of reparation and indemnity previously proposed, and when they find that the League of Nations is still a plan for an international army and a general staff are not provided for.

REPORT NOT BELIEVED.

Students of the situation refuse to believe the report, but they claim it is true wherever there is life. They assert that the President probably made an exhaustive and satisfactory explanation to Clemenceau regarding the world's work of the League of Nations and the Monroe Doctrine.

Even the best-informed French people think otherwise. Doctrine is retrospective, and while providing that Europe shall not intrude in the American Hemisphere, also prevents America from interfering in European affairs. It is believed the President pointed out this fallacy to Clemenceau, and proved to the French Premier that the Monroe Doctrine was not applicable to the United States from taking part in European affairs in any degree.

Furthermore, it is believed the President probably told Clemenceau in case another war valuable time would be lost by the ponderous and slow-moving machinery of a League of Nations, such as investigations, arbitration and recommendations, that the aggressive nation immediately would be attacked by France and the United States.

HARD TO RATICATE.

No one here believes that Germany would form a military alliance with France, or any other nation. To the deep-rooted feelings of all Americans against mingling in European politics and warfare, has added practical experience in the French. It is useless to deny the fact that many of the 2,000,000 American soldiers who came to France to fight, and those registered as "no" against ever coming back to participate in any war of the future.

Since the armistice, with nothing to do but attend repatriation, the soldiers, over communists and mafiosi and with few amusements, the troops naturally have become dissatisfied, and vent their feelings against France and the League of Nations.

The opponents of the President's policies say he might promise Clemenceau to try to put through a military alliance to get the joint support of the United States and France. His disappointment come later when everything is settled. Fair-minded ones, however, refuse to believe the President would consent to such political strategy and sacrifice of the United States in vain and against the wanton and barbarous destruction of the League of Nations.

DR. BUTLER'S IDEA.

The league is a creature of the President's mind, and it will accrue chiefly to him if the league becomes a success. Making an alliance with France would be a tacit admission by the President that he did not think the League of Nations, as had been retorted many times, would prove future enemies.

It has been contended all along that no military alliances are necessary as the league itself is a sort of defensive entente of the entire world against Germany.

In certain quarters it is said Clemenceau has been assured by President Wilson that he will complete at least \$50,000,000 worth of reparations to the French. This has further satisfied the French Premier. It is certain that Clemenceau has received some assurance against future aggression by Germany, though exposing many misconceptions and not by promise if military alliance is the belief here.

ALLIES TO RECOGNIZE GOVERNMENT AT OMSK

WASHINGTON ADVICES INDIA KOLCHAK IS TO BE AIDED IN RUSSIA.

DISCLOSURE DISPATCH.

WASHINGTON, April 18.—Private advice received today indicated that when the Peace Conference concludes its work on the actual peace pact, the leading powers of Europe participating in the Peace Conference and the United States will recognize the Kolchak government as soon as it de facto comes into existence. It is to the Liberal Government in addition to the hint to this effect in Parliament gave to certain statesmen of Great Britain assurances that such action would be taken.

The Russian situation has reached a point, it is said, where such recognition would be warranted, and the result of recent events has gone so far toward bringing about the utter collapse of the Bolshevik regime, while considered Russia in charac-

ter and personnel, is not desired by the great mass of Russian people. By the recognition of the Omsk government as the de facto government, it is pointed out the powers will in effect recognize the various factional groups in Russia.

In official circles that

President Wilson has information indicating Lenin and Trotsky are at loggerheads, and that the Bolsheviks are near collapse because of lack of support. With the change that recognition by the Allies would give the Omsk government, it is believed the loyal forces would turn to the Bolsheviks.

An official of the State Department said today there would be no lack of munitions and other supplies for the loyal forces given them, and admitted that he had received advices from Paris that this state was in contemplation.

The Foreign ministry has been

kept advised of the situation in Siberia, where the Omsk government generally has been successful, and has been supported by the Russian Embassy from Omsk.

The cablegram made public today, asserts that, while the ready money in state funds available in July amounted to only 212,000,000 rubles, at present the ready money in these institutions amounts to 1,500,000,000 rubles. Payments of taxes and customs are due to have increased more than twelve times since the Omsk government came into existence.

GERMAN SCHOLARSHIP MUST WASH ITS HANDS.

BY A. P. NIGHT WIRE.

NEW YORK, April 18.—Acknowledgment of Germany's wrongdoing and contrition by her scholars and savants for "thirty-one kinds of crime" committed by the Germans during the war must be induced before German scholarship and German science can be rehabilitated in the eyes of university men of France, England and America, Nicholas Murray Butler, president of Columbia University, says in a protest to a proposal by German professors against "the outrageous action" of the French high command in ordering German educators to leave the University of Strasbourg within twenty-four hours.

The letter was sent to the rector of the University of Upsala, Sweden, who had transmitted an open letter of protest from the faculty of the University of Leipzig, addressed to the universities of Switzerland, Holland, Denmark, Norway and Sweden, together with a letter from the University of Heidelberg and Heidelberg Academy, saying those institutions joined in objections to the treatment accorded their fellow-countrymen.

Both aviators are so confident of making the crossing, once they get started, that they have cabled to London, asking for a loan of wagons and drivers to take them high up in the air.

COMPLETES RECORD FLIGHT.

BY A. P. NIGHT WIRE.

FORT WORTH, April 18.—Major C. Macaulay, commander of Tallferro Field, who has flown from coast to coast in twenty hours at an average speed of 128 miles an hour, arrived here safely this morning from Jackson, Miss., where he had been flying for 12 hours. He landed at 11:39 a.m.

Macaulay flew 5,500 miles in forty-four hours and fifteen minutes. His flight from San Diego to Jacksonville was nineteen hours and fifteen minutes, setting a new record. Of this distance 1,500 miles were covered over water. This was from Tucson, Ariz., to Sweetwater, Tex. He used a Haviland plane with a Liberty motor. The motor, according to the pilot, never stopped except for a stroke, and the only work done was to remove two dirty spark plugs.

Macaulay flew 1,000 miles from Jackson, Miss., where he spent last night in a hotel, in four hours and thirty minutes. He had intended to complete his journey last night by moonlight, but feared he might be captured, so he took a landing in the Louisiana forests.

FLAG FOR AIR SERVICE.

BY CABLE—EXCLUSIVE DISPATCH.

LONDON, April 18.—Great Britain is the first country to adopt a military flag for the newest branch of the service—the flying service.

A design has been designed which is used on the royal navy white ensign.

The new air ensign is a blue cross,

of which the arms meet in the center of the oblong background of white.

Where the arms meet is the official heraldic heraldic roundel, with a spread eagle in the upper left-hand corner of the ensign is a Union Jack on a white ensign.

Gen. Sir John Seelye, Undersecretary of State for War, sent a cable from London to Windsor Castle in an airplane to submit the new ensign to King George. The King will immediately accept it, and the Royal Assent will be given by the Queen.

Three officers and 113 men,

DEAR FOLKS: This is the week of all weeks in the year when all of us pull ourselves together and try to qualify under the banner—"PURITY."

The occasion calls for serious thought as regards our conduct in both our business and private affairs.

"I think we all realize now that Business is not exempt from the Moral Code.

It has to carry the banner of "PURITY" if it is to get anywhere in public esteem. I wish to call your attention to the fact that this word "PURITY" consists of six letters and fits in with the Cycle of Six which plays so big a part in the Wilson & Co. business.

But I want to tell you also that while all of the other things that enter into the Cycle of Six are important not one of them has the place in the Real Heart of the Wilson & Co. organization than the word "PURITY" has.

The officials and the 25,000 workers are all impressed with the importance of "PURITY" in food production.

Producing PURE FOODS is the business of Wilson & Co., and officials and workers realize that there is no closer relationship in all the world between any form of business and the people than at dispensing PURE FOOD.

The Wilson & Co. organization has fitted itself to produce PURE FOODS by establishing within itself those relations between officials and workers that are necessary to bring about absolute confidence in one another and to work on the big principle of giving one another as well as the public a SQUARE DEAL, which to my mind, is one of the highest forms of "PURITY."

Does not this spirit influence their thoughts and actions, and does it not make them put Honor in their work?

"PURITY" in foods is essential just as "PURITY" is in all else that makes life useful, helpful, clean and unselfish is necessary.

Shall we unite during this week our PURE FOOD THOUGHTS with our other thoughts, culminating Sunday morning next with a fine breakfast of ham and eggs or bacon and eggs?

It is one of the traditions of Easter Sunday—as old as the hills—that we shall observe the day, so far as our physical needs are concerned, by stuffing ourselves with eggs anyway—but starting the day always with a slice of fine ham or slivers of bacon.

Don't you remember as boys and girls, back on the farm, how you hunted hen's nests long before Easter and gathered great numbers of eggs for that day?

Most of you are so situated now, that you can't gather eggs as in the old days.

YOU HAVE TO BUY THEM.

Wouldn't you like to be SURE that you could buy as good eggs as you used to find in the hen's nest?

Let me tell you that you can buy such eggs. Go to your dealer this week and buy Wilson & Co.'s famous "THE WILSON LABEL PROTECTS YOUR TABLE."

They will measure up to your expectations as to what Easter eggs should be. They are the same eggs that you have some of the Wilson Co. CERTIFIED HAM AND BACON—recently introduced through dealers in all sections of the country.

If you want COPPER ask your dealer to supply you with Wilson's CERTIFIED BRAND "BLUE" LABEL BACON.

Some coffee!

If you want to try CLEARBOOK EGGS, use Wilson & Co.'s MAJESTIC LARD.

And Butter! Why not buy in a supply of Wilson's CLEARBOOK BUTTER? Some Butter!

There are only suggestions, but they all come under the classification of "PURITY"—the thing we are all thinking of just now—but WITH PURITY ALL WAY IN OUR FOOD, for as the poet says:

"We can live without love, What is passion but pinching— But where is the world that we can live without dining?"

Yours truly, WILLIAM C. FREEMAN,
555 Fifth Avenue, New York City.

MISSTEP MAY COST HER LIFE

Pasadena Woman Fractures Skull in Fall.

Burglar-Policeman's Lawyers Say He's Insane.

City Employees Shower Clerk Dyer with Flowers.

LOCAL CORRESPONDENCE

PASADENA, April 15.—Mrs. George H. Swarthout, a prominent Pasadena dancing teacher, made a misstep today that may cost her life. In stepping from a automobile at North Santa Anita avenue and Foothill boulevard, Mrs. Swarthout fell headlong to the hard pavement, striking her skull sharply. She was riding with her husband, a local educator, and they were stopping by the roadside to pick some flowers. Her husband, Mr. Dyer, is a prominent social figure in Pasadena. His friends are hoping for recovery.

Clyde Bunker, a laborer employed by the flood control engineer building a check dam in the San Gabriel Mountains, was found exhausted at the W. L. Allen ranch in the foothills today, after having been lost in the mountains for two days. In his efforts to find a way out of the hills, Bunker had clambered through brush day and night. He had nothing to eat but some shrubs and fruit water only occasionally. He was taken to Mareno-avenue Hospital and recuperated. Bunker was never with the flood control crew. He wandered off from their camp and could not find his way back again. His home is at 2315 Fifth street, San Dimas.

Efforts are being made by the attorneys for Wyly Lewis, the Pasadena policeman, who confessed to burglarizing Miss Ebie Livingston's home, to have the law enforcement authorities drop the case. Lewis is suspected of other burglaries, and who is suspected of other burglaries, to have sent to the psychopathic ward

of the County Hospital for observation as to his sanity. George Carter, one of the lawyers, told Chief of Police W. S. McIntyre today, that he believed Lewis was deranged, and the police is unable to prove the police's former association in the police department. Lewis is still in the City Jail here. He has made no effort to procure clemency. His bond was fixed by the court at \$2000.

Heman Dyer, City Clerk of Pasadena, began his twenty-eighth year in office yesterday. Mr. Dyer has been City Clerk. He has seen countless city officials come and go in that time. He is a small municipality with a metropolitan center with a Commission instead of a Council, and other modern improvements. Mr. Dyer left Sept. 1, 1908.

Mr. Dyer, He knows personally every record the city has. The City employees showered him with a basket of best wishes. Mr. Dyer has congratulated him upon his choice. Mr. Dyer recently recovered from a serious operation. He has lived in Pasadena for the last thirty-three years.

Private John Guy Owsley, Jr., of Pasadena, son of Mr. and Mrs. John Guy Owsley, 297 South Orange Grove avenue, won one of forty-five choices in the annual "Auntie" competition. The competition was held at the famous Sorbonne, Paris. The requirements were "two or more years of college and an excellent military record." Examinations were held, which young Owsley passed with flying colors.

He has a year at Cornell. He

has left his unit at Cobleson to take up his studies at the university of Paris.

Grand opening tonight. Grand Central Public Market, North Raymond Avenue, Pasadena, open to the public will be open at six o'clock and will remain open until eight evening. Everybody invited. Sweet music, fragrant flowers, useful souvenirs. [Advertisement]

The legal rate of speed is thirty miles an hour. Faster speed has reportedly resulted in accidents on the road. It is dangerous in many places. Request that Lieutenant Gordon be remanded to the civil authorities of Orange County, California, in conformity with sentence pending against him.

BRINGS RESULTS.

This letter brought results, as shown by a letter received by Cox from Lieutenant Gordon, stating that Gordon would be turned over to local authorities upon service of process papers, and a statement that immediate steps are being taken by the court, Lieutenant Gordon would be immediately returned to the naval authorities at the San Diego station without passing to the provost marshal. "Provided that the naval authorities shall desire his return."

In his letter to the San Diego officers, Daniel wrote: "You are hereby authorized to surrender Lieutenant H. B. Gordon, Jr., U.S.N.R. P. to the civil authorities upon service of process of warrant issued and in proper hands. You will inform Justice Cox of this action, in order that the proper steps may be taken by the civil authorities to secure the custody of Lieutenant Gordon."

The LIGHT-SIX

In appearance the New Studebaker LIGHT-SIX is one of the handsomest cars on the market. Body lines are conservative and in good taste — fenders, radiators, tilting windshield, and the arrangement in detail of the seats all blend harmoniously and symmetrically.

Its light weight, low gasoline consumption and splendid quality make it one of the most economical cars to own and operate.

LIEUT. GORDON TO SERVE TERM.

Daniels Orders Navy Officer Surrendered.

Orange Sheriff to Have Him in Custody Today.

Action Sustains Justice Cox in Speeding Case.

LOCAL CORRESPONDENCE

SANTA ANA, April 15.—Acting under authority of Secretary of the Navy Daniels, Sheriff C. E. Jackson of Orange county will send a deputy to San Diego tomorrow morning to claim the person of Lieut. H. B. Gordon of the naval air station there, who will be brought here to serve a ten-day jail sentence for speeding imposed by Justice J. B. Cox. It is expected that Gordon will be placed in jail here tomorrow afternoon. Lieut. Gordon was arrested in February, charged with going fifty-four miles an hour. He planned to give up his right to be let off with a fine, but the ten-day sentence was given him. In order to gain time, he appealed, but failed to perfect his appeal and failed to get his sentence reduced. When a bench warrant was sent to San Diego, the navy authorities refused to turn him over to the civil authorities of San Diego at the rate of fifty-four miles an hour.

The legal rate of speed is thirty miles an hour. Faster speed has reportedly resulted in accidents on the road. It is dangerous in many places. Request that Lieutenant Gordon be remanded to the civil authorities of Orange County, California, in conformity with sentence pending against him.

ILL SET FOR LOAN START.

Sunday to See Big Drive in Full Swing Throughout Whole Southland.

There is no calm before the storm. Victory Loan headquarters are busily at work organizing the great loan for high gear. Two thousand posters were distributed to promote the campaign. Committees and subcommittee workers. Committee meetings were so frequent as to make a candidate for office. Major Charles E. Hatchings, of the One Hundred and Sixty-fifth Regiments, announced a bottle of Rhine River water will be given to him who ever bears a landlocked ship is shipped under such unusual circumstances.

The function will be performed in the glare of a record-breaking concentration of light. Addresses will be made by David Wark Griffith, who will be the navigator for opening the campaign in style. The speakers will be those with whom he could make the interest, handle the loan, but have nothing which would hamper him. We are the war because it is all over and spent money with prodigality which has speeded results in almost the sum of the loan.

INTEREST.

Mr. Maxie started the day under one roof; the management is more aggressive and the enthusiasm was never greater. The first and industrial work will start early Monday morning. The first spectacular feature will take place about noon when the tall panels through the streets and the aerial platform in the sky will serve notice the battle is on.

To the industrial organization, under the chairmanship of James G. Riley, has been assigned the quota's largest slice, \$20,000,000 having been allotted to this division. Harry Haldeman. Altogether about 20,000 trained workers ready to be engaged.

SUBS TO BOOST THE LOAN.

LOCAL CORRESPONDENT.

LOS ANGELES HARBOR, April 18.—Capt. Chauncey Shackford, commander of the Submarine Base in the outer harbor, today announced programs showing that the navy proposed to put real ginger into the Victory Loan campaign.

Mondays afternoon the entire fleet of submarines will be brought into the inner harbor to go through all the practice stunts in which the men are regularly engaged for the benefit of spectators. The main draw will be the arrival of the submarine at the foot of Fifth street. The public is invited to witness the diving, sloshing movement, speed runs and other stunts which will show the boats in actual practice.

Following these spectacular drills the submarines will be open to inspection at the wharf. This is the first time since the war that the submarines have been open to public inspection.

Besides the review of the submarine fleet, there will be demonstrations for army and navy day. The submarine base will parade the streets of San Pedro from 9 a.m. to 9 p.m. There will be a real torpedo carried on a truck throughout the port until after Easter.

EASTER PROGRAMME AT REDONDO BEACH.

LOCAL CORRESPONDENT.

REDONDO BEACH, April 18.—Preparations for the big Easter musical programme Sunday afternoon and evening have been completed. The exercises will be held in the band stand, which will be decorated in Easter fashion. The Los Angeles Oratorio Society, with a chorus of 100 voices, will give both the afternoon and evening performances. Following the programme:

New May Numbers Of Columbia Records

Ponselle's First "Butterfly" Record

It is more than Ponselle who sings "Un Bel Di Vedremo." It is Butterfly singing her heart out in longing for her lover's return. A record that justifies the critics' acclamation of Ponselle as one of the world's great dramatic sopranos.

Athletic Club Quintette Meets Olympic Club for Title

UTAH FIVE IS PUT ON SHELF.

Swann's Wonderful Shooting Tells the Tale.

Final Matches to be Played Off Tonight.

National Basketball Title Goes to Winner.

Playing a fast and rough game, the Los Angeles Athletic Club blues defeated the Utah University five last night, 22 to 21, in the National A.A.U. basketball championships staged on the club courts. In the other two games played, the L.A.A.C. Marquess trounced the Y.M.C.A., 35-14, while the Olympic Club squad of San Francisco trounced the University of Southern California, 44 to 21.

From the very start, the Utah boys adopted rough tactics which provoked criticism from the championship of the United States because of the sudden dismissal of M. Romney from the fray for having four personal fouls called on him.

When the check turned out of the game, the Utah scoring machine received a severe blow, while referee Glenn was forced to continually penalize the visitors, thus permitting "Skeeter" Swann to make three baskets and swell the club score.

The L.A.A.C. players drew first blood when Swann succeeded in netting a free foul from the Utah club house, after followed with two more. With the Utah boys fighting mad, M. Romney broke into the scoring at this point, putting over the first goal for the Utah team. From this point on it was a veritable Marathon race up and down the floor with players being crashed to the floor and with little time. Swann, however, never cracked unmerciful as the result of a collision with W. Romney, well-known football player of the Mormon State.

The score at half time was in favor of the club, 16 to 10. Toward the latter part of the second half, the Utah quintette really got under way and a series of neatly executed baskets brought their score within striking distance. However, their spurt was started a bit too late, as the locals had obtained sufficient lead to net them "sweet victory."

In the final game of the night, the club boys again walked right through the Y.M.C.A. squad. The star basket shooting of Hicks, Gold and Sipe was largely responsible for the winning of the title. The club players took the lead at the opening whistle and not once during the game were they headed.

The spectators enjoyed the game, the crowd, which was large, was well satisfied.

The national title will go to the Utah varsity five will fight it out for third place, while this evening the national title will be decided, the L.A.A.C. and the Olympic Club teams being the principals.

DAILY TRADE TALK.

California Industry is Jeopardized by Federal Indifference.

BY CHAPIN HALL

With millions of pounds of California beans in storage, and hundreds of growers suffering actual privation because of inability to move their crops, the War Trade Board has directed that it shall protect the industry by placing an embargo on oriental beans.

California growers planted beans in some oriental home for various purposes, a home very likely germinated with the filthy disease known to mankind.

(2) The nuts and beans from which the oil was made were probably transmuted in a wholesale manner. Both are now very likely used as a bed in stables and elsewhere. The mill which crushed them was probably a "hand power" mill operated by coolies who puddled sand in the sun.

It is unnecessary to describe the coolie's diseases and habits.

(4) Some of this stuff was so bad that it was rejected by the Bureau of Animal Industry at San Francisco declared unfit for man's consumption. This inspector was surprised to find that the oil admitted.

This is the stuff that is being sold in the form of a lard substitute because home manufacturers operate on a small scale and mills are brought into ruinous competition and the market for our own pure product, refined under every sanitary precaution, is destroyed.

BANKS INTERESTED.

Banks are taking a lively interest in the present condition due to the fact that the customary financing of the government is made impractical through the attitude of the government.

One of the Calixto banks has contracted for the cottonseed from a liberal acreage, at a price entirely satisfactory to the farmer. Along comes a government board, which takes a little off the price, and the oil mill is asked to take a loss.

The oil mill is asked to take a loss, and the oil mill is asked to turn over the product.

FRESH CLEW TO STRANGE CRIME*Witness to Shooting of Taxi Driver is Sought.**Victim, Near Death, Supplies Key to Mystery.**Motive for Act of Supposed Bandits Lacking.*

Encouraged by a gasping statement that the third man was the shooter made by Joseph J. Carvin at the County Hospital, Captain of Detectives George Home, Chief of Police McIntyre of Pasadena and a score of detectives combed Pasadena last night for this witness to the shooting by two bandits of George Mareno, taxi driver, who died yesterday morning.

The same man in Pasadena is implicated in the shooting the police stated as a fact late yesterday afternoon. The person is alleged to live somewhere on the Mareno Avenue. The two bandits, according to the wounded taxi man's statement, mentioned Mareno avenue several times during the drive from the city to Pasadena. Both of the wanted men are thought by the local police to reside in Pasadena or Oak Knoll.

MYSTERIOUS CASE. According to Capt. Home, the shooting is one of the strangest cases ever pried before the police. No motive for the crime can be found by the police. Nothing to point to robbery or revenge could be found.

"After a careful personal investigation of the shooting," said Capt. Home, "the facts in this case are
